This is to certify that the ATAS International, Inc. (ATAS) Cladding and Roof Panels sold by ATAS (the PRODUCT) are manufactured by ATAS in accordance with the highest standards of engineering and production skills from durable, high quality coated materials.

ATAS warrants that its panels (the PRODUCT), upon delivery, are free from defects in material and workmanship, excluding any freight damage. The term "free from defects in material and workmanship" does not include material that has received cut edges, been exposed to perforation processes, or waviness present in the flat area of the panels, due to inconsistency in the alloys, galvanizing process, light gauge metals, uneven substrates, installation and/or misalignment of support systems over which the panels are applied, which the industry has accepted as being prevalent and normal. Such waviness shall not be the cause for a claim under this or any other warranty.

This Limited Warranty covers the PRODUCT, as stated in paragraphs 2, 3, or 4, when exposed to normal atmospheric conditions (which term excludes corrosive or aggressive atmospheric conditions such as, but not limited to, those contaminated with chemical fumes or direct salt spray (salt spray exclusion omitted on aluminum material)) in the Continental United States. This Limited Warranty shall not apply where the PRODUCT failure is the result of fire, lightning, hurricane, tornado, windstorm, hailstorm, war or civil disturbance, vandalism, foot traffic, or other willful or accidental abuse, damage by other trades, inappropriate fastener selection or fastening methods, or other causes beyond the control of ATAS.

This Limited Warranty is for material only and does not include defects resulting from damage caused by other trades or materials substituted for, or used in addition to, ATAS's PRODUCT, or when failing to provide simple and/or reasonable maintenance to the PRODUCT. This Limited Warranty is only for material supplied by ATAS and not for any other material obtained from other sources or not engineered and manufactured by ATAS. This Limited Warranty will not extend to or cover the damage to the PRODUCT due to improper shipping, handling, installation (which term includes failure to permit drainage of standing water), or failure to remove the protective masking, metal dust and shavings.

ATAS warrants the "PRODUCT" only against defects in manufacture, not against damage due to other cause. This Limited Warranty does not cover damage which results from causes such as (but not limited to) earthquake, flooding, standing water, hurricane, tornado, windstorm, hail (except to the extent expressly provided herein), falling or wind-borne objects, collision, riot, insurrection, vandalism, lightning, fire, explosion, distortion, shifting, settling, or shrinkage of structural members or adjoining surfaces, exposure to harmful chemicals or materials, fumes, vapors or salt spray, directly applied or in the atmosphere, faulty installation, foot traffic, misuse, abuse, negligence, or failure to provide periodic maintenance.

This is an anti-weathering limited warranty and does not apply to other causes of degradation, including:
a) Finished PRODUCT which has suffered cut edges, scratching or abrasion or impact by a hard object or has received perforation processing: failure to remove the protective masking, metal dust and shavings: has been abused, altered, modified, used in a manner not originally intended or stored contrary to instructions of ATAS or the coil coater, or in accordance with good industry practice: is damaged due to moisture entrapment in coils and/or bundles during transit or storage: is stored or installed in a way which allows standing water on the coating or is stored or installed in any chemically aggressive environment containing fumes, ash, cement dust, carbon black, salts or other chemicals, whether naturally occurring or caused by man: is stored or installed in an environment that includes a high degree of humidity, sand, dirt, or grease, whether naturally occurring or caused by man: is stored or installed in a way which allows contact with animals and/or animal waste or its decomposition products: is stored or installed in an area, or in such a way that damage can occur due to poor air circulation: is stored or installed in areas which are subject to fallout from copper, lead, nickel, or silver: has suffered any damage caused by acts of God, radiation, falling objects, explosion, fire, riots, civil commotion's, acts of war, foot traffic, or other external forces beyond the control of ATAS.

This Limited Warranty will not become effective if the invoice/contract for this project is not paid in full to ATAS International, Inc. in accordance with the standard terms and conditions set forth in agreement of sale or contract.

This writing embodies the entire Limited Warranty of ATAS and NO OTHER WARRANTIES are given beyond those set forth herein. ORAL STATEMENTS DO NOT CONSTITUTE WARRANTIES and are not part of this agreement or any other contract for sale. ATAS neither assumes, nor authorizes, anyone (including but not limited to salesmen, dealers, contractors, builders, applicators and distributors) to assume or create for ATAS other obligations or liabilities in connection with its PRODUCTS, or to alter, amend, or modify in any way, any term, or provision of this Limited Warranty.
